

SAND bagged first place in citizen centric online service category in Kerala State e-governance awards 2009

SAND bagged first place in the citizen service online /e-filing category in Kerala State governance awards 2009. In a colorful ceremony organized by IT department Honorable chief minister of Kerala SH VS Achudandan handed over the awards to Dr. V.K. Baby IAS District Collector and Sh. Suresh. K, DIO, NIC., Thrissur

Dr V.K. Baby IAS also selected for the individual award as the ICT leader for his innovative leadership on SAND, EWS, Thrisur Development Network and Total Out Reach Services for NRI projects.

Smt. Neela Gangadharan, Chief Secretary and Sh. Ajaykumar Secretary (IT) were also present in the award ceremony

SAND is a true G2C service built on complete open source WEB based platform on LAMP .SAND is a fully computerized centralized booking mechanism for booking and monitoring of river based sand in the district. It is an effort in ensuring good governance in resource conservation, management and sharing

SAND is a self supporting venture with no funding from the exchequer. User fee collected from the consumers will meet all expenses including the taluk level leased line connectivity.

EWS is a community based early warning system through SMS on a possible disaster.

Thrisur Development network is a interactive web portal for public participation in district administration

National Informatics Centre Thrissur designed and developed SAND EWS, TDN using open source tools in LAMP.
